

# INVITATION

## COVID19 and climate change – is this the window to build back better?

Jurisdictions such as the EU are designing their COVID19 economic support packages through a low carbon lens – Australia and Pacific Island nations have the same opportunity both through our domestic programs and through Australia's international development assistance in the region, as a key way to ensure our respective progress on the Sustainable Development Goals.

**This National Briefing will focus on progressing what a healthy, fair and low-carbon, COVID recovery could look like in our region.**

---

### The Q&A format will feature:

- **Dr Collin Tukuitonga**: Associate Dean Pacific, Faculty of Medical and Health Sciences, University of Auckland and former Director General of the Pacific Community
- **Professor Lynne Cobiac**: Deputy Director and Science Director, Health and Biosecurity at CSIRO
- **The Hon. John Thwaites**: Co-Chair of the Sustainable Development Solutions Network, a global initiative for the United Nations and Chair of ClimateWorks and the Monash Sustainable Development Institute

---

**Wednesday 8th July, 2020**  
**4-5pm AEST**

Join from PC, MAC, iOS or Android  
via Zoom via this link
