

Technical Advisor – Nossal Institute for Global Health

Nossal Institute for Global Health at the University of Melbourne is seeking an experienced global health researcher to join us in the role of Technical Advisor.

This is a part-time contract (three or four days a week), for an initial 6 months to work within the Health Systems, Governance and Health Financing Unit to assist with research activities in Papua New Guinea (PNG); including a requirement to spend extended periods in PNG to conduct research independently once travel is permitted.

The role will require activities such as data collection and analysis, drafting reports and presentations, and contributing to publications.

The successful candidate will have demonstrated experience in conducting quantitative data analysis or costing, with knowledge of statistical software (e.g. STATA and R) desirable; and the ability to articulate research through presentation. It is expected that candidates will have demonstrated understanding and commitment to the principles of global health, with experience working in the health sector in PNG or the Pacific desirable.

Further details can be obtained from the Position Description or by contacting Katherine Gilbert (katherine.gilbert@unimelb.edu.au – please do not send your application to this address).

Candidates are requested to submit a CV (maximum 4 pages), covering letter, and **an application addressing the selection criteria** (as outlined in the position description). Applications are to be forwarded to Nossal-HR@unimelb.edu.au with “Application – Technical Advisor” included in the subject line.

Applications close – 5:00pm Monday 6 July 2020.

Nossal Institute for Global Health is committed to workplace equity and diversity and encourages applications from candidates with diverse cultural backgrounds and people with a disability.

Relevant background checks will be completed prior to the preferred candidate’s employment being confirmed. ****Please No Agencies****
